NYS County Law §203 Under Subdivision 2

The Board of Supervisors may authorize the payment of a reasonable allowance for:

- (a) The miles actually and necessarily traveled on official business by any such officer or employee, other than a supervisor, by the use of his own automobile; and

 - f.) If the property damage of any person exceeds \$1,000.00, there was a fatality or personal injury then all of the drivers involved must file form MV-104 within ten (10) days of the incident. Failure to file within 10 days is a misdemeanor. In addition a driver may have his or her license and/or registration suspended until the report is filed with the Department of Motor Vehicles;
 - g.) A driver using a County vehicle or operating a private vehicle while on County business who causes an accident may be subject to disciplinary action up to and including termination of employment with the County.
- 5.) Corrective Action:
- a.) Corrective actions for violations of the policy should be carried out by the driver's supervisor and department head;
 - b.) All corrective actions should be progressive and consistent. The Director of Personnel will be consulted prior to any disciplinary or corrective action to ensure compliance with the appropriate collective bargaining agreement (CBA) and/or policy;
 - c.) The following are recommendations for corrective action; however, nothing in the policy precludes termination of employment on the first offense where the circumstances warrant it:
 - i.) Minor violations may be dealt with through training or verbal reprimands for the first occurrence. Subsequent violations may be resolved through application of progressively severe actions including suspension. Major or repeated violations may result in termination of employment consistent with applicable personnel rules;
 - ii.) Any driver action on County business who is convicted of a moving violation may be disciplined in accordance with the policy for the first offense, with progressively severe discipline for conviction of subsequent moving violations. Any driver who receives two (2) moving violations in any 12 month period will be reviewed by his or her Department Head in conjunction with the Director of Personnel and may recommend appropriate action including a suspension of driving for County business. In cases where driving is a job requirement, this may result in an inability to do assigned work and therefore require termination of employment with the County;

- iii.) Any driver convicted of driving while intoxicated or under the influence of any intoxicating substance while on County business or in a County vehicle may be subject to discipline up to and including discharge in accordance with the appropriate CBA and/or policy;
- iv.) Any driver convicted of driving while under the influence of any intoxicating substance will not operate a vehicle on the County's behalf until the individual is in possession of a valid driver's license and the case has been reviewed and continued driving is approved by the Department Head and Director of Personnel.
